Gilbert Cretton reported on the Community Planning Association conference held in Winnipeg on March 1, 2nd and 3rd. He will also make his report to the committee on Regional Analysis.

It had been stressed that more authority be given and more initiative taken by local authorities as to projects required in its respective areas.

One resolution passed was asking the government to declare its intention as to the restructuring of Municipalities, in order to guide local authorities in its future planning.

The formation of regions did not appear too popular.

Harold Earl reported on the Brandon seminar for Municipal Officials. The formation of Village Committees received considerable discussion. Relationship of municipalities with the farm organizations was a major subject, with a good question and answer period.

The Education Tax Base subject resulted in a rambling and lengthy discussion.

Questions regarding the operations of "Auto Pac" were numerous.

Drainage works anticipated by the Water Control Branch for 1972, in our municipality were reported by Dave Sexton and two other representatives from the branch. These would include work on the 4N Dykes, The Shannon, the Kronsgart and other minor improvements.

The Drainage program of municipal drains was considered by council, with further discussion to be held at the BUDGET MEETING to be held at 1:30 p.m. on THURSDAY, MARCH 16th.

The meeting adjourned.
