

ATTENTION LOWE FARM AREA RESIDENTS:

WB Lane of PTH 23 through Lowe Farm will be under construction starting the day of August 12th. Outside of working hours, WB traffic will be routed to the north of the excavation and EB traffic will be routed to the south.

Please be advised that ***Wintec Building Services*** will begin Stage 2 work, on the WB lane of PTH 23 starting Saturday August 12th, weather permitting. While every step will be taken to maintain access throughout construction, residents and businesses may temporarily lose access to their driveways and street throughout the duration of construction. We will work with affected parties on a case-by-case basis to ensure accommodation is provided.

During this time, the following traffic restrictions will apply:

- Width restriction of 3.7m on PTH 23.
- Access to PTH23 from the residential roads will be blocked off. We will maintain access in and out of Lowe farm via 332 and First Street East only.
- No parking will be permitted in the parking lane on PTH 23. The adjacent residential streets should be used for parking during this time.
- Keep children away from the construction zone and a safe distance from all equipment, hot asphalt, and oiled surfaces.
- Keep the area in front of your home or business free from building materials. Any materials found on the street when work begins will be removed at the homeowner's expense.

We apologize for any inconvenience this may cause. Thank you for your anticipated co-operation.
